

Opening of the Melchizedek schools on Urantia in the 4th dimension.

Session nr 3 of 21 February 2022 – English translation– original Dutch.

Place : Mezzaverde in Belize

Received by Wivine

Visitor : Malvantra **Melchizedek**

Malvantra:

Hello, my children, I have news for you. There are four topics today.

1) The Melchizedek Schools around Earth have been implemented.

They are installed in all the great palaces or Taj-Mahals that we have created with the help of this group. (see session 13 of 2019)

Throughout your world there are "doorways" that allow souls to go to these schools under guidance to receive teachings. These teachings are specific to the inhabitants of your planet. They are aimed at both : novice and advanced souls. As your planet evolves, this education will also evolve. It avoids traveling long distances with **transport angels** to the schools of the **1st Mansion World**. Human souls are taken there during their sleep and meditations. The more advanced souls take with them the novice souls. By *novice souls* we do not mean souls of babies and children. At the moment they are mostly souls from young to aging adults.

2) A child is born on February 7, 2022 from the constellation Norlatiadek.

He is a boy, **ward** of the **Most Highs - Vorondadeks of our Constellation Norlatiadek**. He is one of the sons of **Adam and Eve** who had once chosen not to stay on Earth with his parents when the Melchizedeks gave them the choice on the road that took them from the **1st Garden of Eden** to the **2nd Garden of Eden**. All their children from the age of 20 received the choice: either to leave with the Melchizedeks and become wards of the

Norlatiadek Constellation Fathers, or to continue to live as mortals on earth with their parents. Adam and Eve saw many of their children leave.

There will be more to come – boys and girls. We are not going to announce it every time. Here we made an exception to specify that they return to help their parents, but certainly not all at the same time. (see session nr 19 of 2019).

He is born in the region of Aaron - the Avonal Son born on January 12, 2015.

3) Relationship issues.

They occur between individuals, families, neighbors, in the workplace, social pressure groups, between politicians, multinationals and States.

Who among you does not suffer from it? Where do they come from?

Your heart is the center of emotions of love, sweetness, kindness and goodness, but also of pride, malice, hatred, jealousy and greed.

So there is an angel and a demon in your heart.

Ancestral cultures spoke of the Spirit of Light and the Spirit of Darkness that were constantly fighting each other. You all know the Christian image of Lucifer against Jesus.

This is also called living in duality. It's as if there are only two choices.

- I'm right, the other is wrong. Besides, it is always the other who is wrong.
- I am the good one, the other is the bad one.
- I'm the smartest, the others are stupid.

- I am the worker, the other is the lazy one.

It is the primordial battle between good and evil that has been going on since childhood in your heart. Not around you, but within you.

It is therefore not outside of you that you must begin to fight evil, but inside of you.

It is not the other that must be pointed, but oneself.

This is the first, big and long step you must take to get out of this duality. To arrive at the **third choice**.

Because if one is not good and the other is not good, then there must be a **third solution which is good for everyone**.

There is always a third solution.

You have a saying: if two dogs fight over a bone, the third wins. This saying means that there is always a third party who benefits from the disputes of others. Think about it. (*Wivine: You want an example? The lawyers who deal with divorces!!*)

Disagreements and quarrels come from IGNORANCE. Ignorance of Oneness and the connection between everything and everyone.

Of course Jesus, who was well aware of this, said on the cross: "*My God, forgive them because they do not know what they are doing*".

You too will learn to say this, all of you.

Even pride is the result of Ignorance that everything and everyone is connected.

Ignorance is the root of all that separates. All souls are linked together, also the souls of the animal and vegetable world, even with the mineral world.

This Oneness with everything and everyone can only be felt in the heart, nowhere else.

By controlling your own emotional tsunamis and hurricanes, by ascending and surrendering to the Wisdom of God, you will eventually manage to keep your inner peace, regardless of all your emotional winds, storms and lightening's.

You will learn to sit quietly and ask God the following:

"My heavenly Father who also lives in me, help me to keep my inner peace. Advise me and guide me to take the measures that can resolve the conflict between all parties to the satisfaction of all".

The real great work in your ascent to Paradise is not to honor God and then expect benefits from Him.

Not by saying: *"Look, my Lord, at all the good works that I have done to help my fellowmen and to honor You. Please help me now because I am in a difficult situation, I need some money".*

All relation problems serve to reveal your imperfections. Be aware that as soon as you say, *"I want to do good, I would like to become good like God"*, the traps will stand in your way to make you fall and stumble so that you learn to see your own faults.

4) The "activation" of the Spirit reception mind glands.

The "activation" of the "Spirit-reception mind glands" has nothing to do with clairvoyance or clairaudience.

It has to do with mind, intellect. Namely, acquiring a mind that gives you access to ever higher **spiritual insights**.

The result are your "deep meditations" of which you have no memory. You will have to learn to live with this if you want to gain higher spiritual wisdom.

The mind of your physical brain is not adequate to attain these higher spiritual intuitions and insights. This mind also disappears after the death of the physical body.

It is your **soul** that evolves with these spiritual insights. As she evolves, the **type of morontia mind** associated with her attained status will change each time. But you are not aware of this in your daily life because you mainly use your **physical brain and mind**.

It is your soul that lives eternally and constantly evolves, as well as the possibilities of expression of your **personality**. Even after **fusion** with your Divine Fragment on the **Mansion Worlds**.

You humans, who have received the "**activation**" of "**mind glands that help you be more receptive to what comes to you from Spirit**", who have expressed a desire to help your fellowmen in a more spiritual way, to achieve the status of **God-Man** or **God-Woman** so that you can possess the highest abilities to bring your world to the status of **Light and Life**, to the paradisiacal state, you will overcome step by step all obstacles.

You are absolutely not supposed to turn your back on your material life, much less run away from it.

The intention is to **sublimate** it, to **transcend** it. By raising your soul and your physical body to higher and higher frequencies and wavelengths. So that you can participate **actively** in God's Work, in His Creation in motion, with all your Powers.

For your planet this means that by your efforts and activities you are opening and paving the way for all future generations to no longer need this "**activation**" to attain higher spiritual insights if they desire to follow this path.

It doesn't stop at your planet either, because the planets are also connected to each other. Other planets also need it and your abilities are already called upon there.

Nebadon is a very young local universe and there are still many inhabited planets yet to be born. You will not have time to be bored during your

ascension career in your [local universe Neadon](#). Neither as a Man nor as a Morontia creature.

To those who think that

- letting God act through oneself, on one's environment,
- to reach the state of God-Man or God-Woman, or the pre-fusion with their God fragment, would mean
- a loss of identity,
- loss self-determination,
- that you will no longer be able to decide or make your own choices,

I say this:

You will learn to live as a Human between two extremes:

- On one hand, your "[little God](#)" will take possession of your being to accomplish tasks through you, even to address people. He will constantly assist you with advice and give you step by step access to his Divine Wisdom.
- On the other hand, you will retain full capacity to make your own choices. You will feel even freer than before. God always leaves you free, you have no obligation.

Look at it this way: the more open you are to God's Wisdom and Guidance, the more you will look and think like Him. Each person in whom God lives represents for Him a different adventure. He discovers everything with you and He loves diversity. It is this diversity, this variety that you are going to offer Him thanks to your own choices and your creativity.

Goodbye my children, this was Malvantra Melchizedek, the person in charge of these new [Melchizedek Schools](#).
